

I would like to nominate Dave Lowe to the Muscatine Hall of Fame for Achievements; plus just being a good friend to bowling.

David started bowling his greats at 16 where he was twice the Junior Bowler of the Year, where he also set a state record for the first 700 shot by a junior bowler. One of his other junior accomplishments was a member of the High School State Champions, but then it was nothing like it is now in the high school team these days.

On to his adult career, which is pretty amazing, also. He has had – and don't quote me – but somewhere around fourteen 300's. When asked how many 299's or 298's, he says it is all or nothing. But he has also had three 800's, his high being 818. He has had several league champions, two of which I was part of on Saturday and Tuesday in the Port City League. He has had high average awards for many leagues and was a member of the X-R-US team that won City Tournament. But his big accomplishment happened in 2007 when he won the Bowler of the Year roll-off, which he has qualified seven other times for.

The big reason why he is so deserving is because whenever someone needed help with sponsorship, whether it be junior or adult tournaments, he would always do what he could to help them with a donation. This even goes into softball and baseball teams.

So I respectfully submit David for the Hall of Fame.

Congratulations Dave

Your Bro Sparky
