

Troy Payne
Inducted Into
Muscatine USBC, Inc
Men's Hall of Fame
May 17, 2013
Outstanding Achievement

To: Muscatine USCBC, INC

March 31, 2013

We submit this individuals name for consideration into the Muscatine USBC, Inc. Hall of Fame based on his bowling abilities. This individual been bowling locally for over 20 years. When I first met this individual he was still in his teens and you would always see him walking up and down the lanes looking for that opportunity to fill a vacant/blind spot on any team's lineup that would allow him to bowl. He continued to improve his game through the years and became, and still is, in our opinion one of Muscatine's elite bowler.

This individual has had some 33-300 games as far as we've been able to account for and could very well have more. He's had at least 6-299 games, 12 eleven-in-row games and 14-800 series, a high 834 series in 2011 according to USBC online records. He has a composite average of 220 from 2000-2010 seasons. This individual has participated in numerous Iowa State and USBC Open Tournaments throughout his bowling career. He has been a participant in several Bowler of The Year tournaments, coming in second in 2011, has won numerous league championships over the years and has participated in the Quad-City Bowling Club tournaments for many years and has been on the winning team of the State 700 Club tournament. Aside

from men's bowling events this individual has qualified numerous times in Family Doubles Tournaments with his daughter and have come out on top as district winners in such events. He has also found time to do the league secretary duties for numerous years for a couple of leagues.

He has throughout his bowling years sponsored several men and women league bowling teams, numerous women's state bowling teams and youth tournaments as well as local Berlin's Mixed Double Tournaments.

This individual has helped coach youth on Saturday mornings, and Monday night High School Scratch league as well as help coach High School Bowling Team in 2011-2012 season. He is always willing to share his experience with our youths as well as helping out with equipment when the needs arise and never expecting anything in return. His ultimate goal is assist our youth in making them better bowlers and individuals.

You would think an individual who has bowled as many 300 games as our nominee has, would be used to pressure moments but when it came to witnessing his daughters first 300 game in 2012 the daddy in him took over. As his wife explained, while he witnessed every ball his daughter rolled en route to her first 300 he was a nervous wreck, especially when it came to her last ball. He attempted to step into the settee area to give some last words of encouragement but was stopped by another parent. He was shaking like a leaf and commented "I just wanted to tell her to take her time". You don't see him getting nervous like that very often, but he certainly was on that day.

This individual has accomplished the above and probably more than we have been able to research and uncover. Having said this we nominate Troy W. Payne to be inducted into the Muscatine USBC, INC Hall of Fame.

Respectfully submitted by,
Noe & Alma G. Vega
