

Muscatine USBC Awards Committee,

I would like to submit the name of Warren Ribbink for the recognition in the Muscatine USBC Hall of Fame.

Warren began participating in the youth leagues in 1975 when he was five years old. He has been an avid bowler ever since, bowling at least two leagues a year as an adult. He has bowled in several different leagues through out the years but has bowled in the Tuesday night Port City league which he is currently the league secretary and the Wednesday night Rookies league for 17+ consecutive years. He has participated in city and state tournaments for many years and has bowled in many different Open Championship Nationals tournaments cashing in a few of them.

His highest league average was 230 in the Rookies league in the 2010-11 season. Warren has had multiple 298s and 299s. He had his first ever 300 game on December 12th 2006. His first 800 series was an 809 bowled on November 2nd 2010. Currently he has bowled 4 800 series and 12 300 games. On December 21st 2010 Warren had back to back 300 games for an 810 series. Something rarely seen on the lanes.

My dad has been the biggest inspiration to me as a bowler. We both come from a family that has a huge heart for bowling and love for the game. My great grandma Wilma Heuer was who started teaching both my dad and I how to bowl. Since then my dad has really helped me with my game and has always been there to support me through youth tournaments, high school meets and now adult leagues and tournaments. He has inspired me so much to keep pushing forward and to never give up.

I feel that Warren Ribbink's accomplishments in bowling make him an excellent candidate for the hall of fame. Thank you for your consideration.

Respectfully submitted,

*Hannah Lake*
