Outstanding Achievement**

February 28, 2009

Muscatine Board,

I would like to recognize a bowler that has three 300 games and one 800 series and deserves to be nominated for Muscatine's Hall of Fame for their Bowling Ability.

The bowler I am referring to has bowled for 47 years achieved several high finishes in the Greater Iowa tournaments, won Singles (737 series) at State in 1985, and won Muscatine's Bowler of the Year in 1980 along with all events. He belongs to a bowling family that has a love for the game and contributed much to the sport. If you ask him what the most difficult surface is that he has bowled on, you may hear about his experience when he bowled on a sidewalk with actual bowling pins and ball.

The bowler has accomplished this and much more is Randy Heuer, whom I am nominating for Muscatine's Hall of Fame for his Bowling Ability.

Sincerely,

Larry Richardson
