BOONE COUNTY ASSOCIATION

April 25, 2008

Darrell Fremont has been a member of the Boone County USBC Association since 2000. During that time he has been very active in several bowling leagues but more importantly, in leadership roles with our Board of Directors. He was a Director for the 2002-2003 year and was elected President in 2003. He served as President for two years and during that time was the transition committee chairman for the merger of the various USBC organizations: BA, WBA and Youth county associations. The merger was a success. He continues to serve the Board of Directors as a member of our Nomination Committee and Chairman of our Legal and Policy Committee. He also serves as a trusted advisor.

Prior to coming to the Boone Association, Darrell was very active in the Waterloo Association. He was elected to their Board of Directors in 1991 and was appointed Assistant Secretary from 1992-1994. His major accomplishment during that time was to set up and maintain the WinLabs program. He became Secretary/Treasurer in 1994 and served in that position for 5 years. During that period he worked jointly with the WIBC secretary and was able to merge the two association's yearbooks and sell enough advertising in the yearbooks to pay for the production costs of the yearbooks. In 1995 Darrell was the director of local operations for the State Bowling Tournament. While at Waterloo, he also served as a League President for 10 years. He was elected to the Waterloo Hall of Fame in 2001.

In 1999, Darrell was elected to the State Board of Directors and worked through all of the director and vice president chairs and served as President during 2006-2007. During his time on the State Board, he established and maintained the State's web site and continues to serve as the State's web site coordinator. This web site is the information resource link between the State organization and all of its members. Darrell updates this website on a weekly basis to reflect the current standings during the lengthy State Tournament. He also has engineered this website to be the hub for all of the Local Association's websites making this site truly *the* place for all of the USBC BA bowling information in the state of Iowa.

In conclusion, Darrell Fremont has spent almost 30 years participating in league bowling and during most of that time has also served his fellow bowlers in various leadership positions. He has a warm and outgoing personality and continues to reach out to all bowlers with a helping hand. Although his life is busy from everyday work, family and State Board Association assignments, he has never turned down our call for help or advice. From being a League President all the way up to President of the State Organization, he has continuously given service to his fellow bowlers. We proudly nominate Darrell Fremont to be elected to the State Hall of Fame for Meritorious Service.
